## **Mastercard Digital Commerce Development Fee**

Effective May 1, 2018, Mastercard will introduce a Digital Commerce Development Fee of 0.02% on all Mastercard e-commerce transaction volume. Your Moneris national account merchant agreement states that if a Card Brand implements a new fee, Moneris will have the right to make corresponding changes to your fee structure. Consequently, Moneris is passing this new monthly fee to your account. The fee will appear as "M/C Digital Commerce Fee" in the Transaction Fee section of your statement. Please note however that you will only incur the M/C Digital Commerce Fee should you process Mastercard e-commerce transactions.

We remain dedicated to providing transparent and clear information for the costs associated with processing payments. Should you have any questions regarding the changes outlined above, please contact your account manager.
